

4C Impact Statement: How your stay impacts nature & people

Your contribution to the local economy

Your contribution in 4C projects explained

89,5%

In 2023-2024, The Island Foundation expanded its impact across small island and coastal communities. It ran 13 Learning Centres for 2,294 students, delivering over 3,400 hours of lessons and 41 excursions. Community ties grew through 22 events with nearly 3,000 participants, and 821 parents engaged in their children's learning. The teacher training programme reached 335 teachers and extended into Lingga Regency, home to many Indigenous Orang Suku Laut.

Through a partnership with Jord, we support local efforts by Conservation International (CI), a global non profit dedicated to protecting nature and ensuring its benefits for people and the planet.

9,3%

Managing Ubah Rumah, a residency program for Southeast Asian artists and researchers focused on raising awareness of endangered cultures, communities, and ecosystems. Funding annual boat races and local sports, and supporting education through UMRH scholarships.

By staying with us you help

Manage **342,240** acres of marine protected area and clean up our community- more than 350 tonnes of plastic has been removed from Bintan's beaches so far.

Support more than **200** local staff, who have an average of 4 dependents, and approximately 15,000 villagers through The Island Foundation.

Safeguard local traditions through sponsoring annual traditional boat races (jong and kelok races) within the local community.

Raise **\$337,700 USD** annually which is invested in responsible tourism initiatives at the islands, as well as donated to nonprofits set up by the owners of Nikoi and Cempedak which tackle conservation and education issues within Bintan.
